

APPROVED
Building Façade Improvement Program

Sponsored by: The City of Andrews and Andrews Economic Development Corp.

Purpose: The Building Façade Improvement Program is designed to encourage local businesses to make exterior improvements which enhance the appearance of their buildings... to better attract customers/visitors and to demonstrate the economic vitality of the community. The stated public purpose is to revitalize or improve economically distressed areas within Andrews.

Incentive \$\$:

- I. The City of Andrews and Andrews EDC will reimburse up to 70%, or not more than \$3,500, toward the cost of building façade improvements to businesses located in the Local Retail, Central Business, General Commercial and Light/Heavy Industrial areas. The monies are available on a cost-reimbursement basis only. No funds will be paid “up front” or advanced prior to the completion of construction.

Additional funds, not to exceed \$2,500, may be available for corner buildings where improvements will be made to multiple frontages. Requests for additional funding shall be reviewed by the Zoning Board on a case-by-case basis.

- II. Building façade improvements are also eligible for the 5 year, 100% Tax Abatement Program previously approved by the City of Andrews, Andrews County and Andrews County Hospital District. Abatement of ad valorem property tax applies to the improved value of the property only.

Application for Funding: Applications for Building Façade reimbursement and/or Tax Abatement will be available in the City Manager’s Office. Upon initial review, the application will be submitted to the Planning & Zoning Board for review and approval. The Board’s determination of eligible or ineligible improvements and the amount of the incentive shall be final.

(see Eligibility Criteria on other side)

Eligibility Criteria

Building Façade Improvement Program

Approval for Building Façade Improvement monies must be given **prior** to any work being performed.

Eligible improvements are limited to the exterior building façade, including:

- Exterior treatment systems (i.e. painting, murals, siding, stucco or simulated stucco, and brick/stone work)
- Structural improvements to the building façade
- Masonry or tile cleaning/repair
- Restoration of details in historical buildings
- Removal of elements that cover architecturally significant areas
- Repair or replacement of exterior doors, windows and trim work (in public view) which are necessary for aesthetic purposes

No more than 25% of the total cost of improvements can be related to the exterior painting of the building.

Other ineligible activities include:

- New construction
- Interior improvements
- Routine maintenance
- Doors and/or windows for energy efficiency purposes
- Signage
- Parking lot improvements
- Landscaping

Exterior improvements must be of an earth tone nature or other compatible color/style with the surrounding buildings and architecture. Exceptions, including wall murals, may be considered on a case-by-case basis upon demonstration of exceptional circumstances. Improvements on the Courthouse Square shall incorporate Austin stone into the building facade to meet eligibility requirements.

Improvements must be made in conformance with all applicable building codes, laws and zoning requirements. Further, improvements for buildings which are located on properties with outstanding property taxes or City-related liens are not eligible for incentive funding.
