Areas of special concern include plumbing, electrical and mechanical (heating/AC) work. State and local laws dictate who can legally perform such work. Examples of illegal plumbing work would include the installing, moving, or replacing of showers, tubs, faucets, sinks, toilets, permanent appliances, tampering with gas lines, etc. Illegal electrical would include installing, moving, or replacing electrical outlets, switches, boxes, permanent appliances, etc. Examples of illegal mechanical would include installing or replacing ducts, heaters/AC units, permanent appliances, etc. Examples of illegal construction could include removal of load bearing walls, removing exits, etc. According to State law, only persons licensed may perform the work described

Permits are required anytime the owner or his agent intends to construct, alter, repair, move, demolish or change the occupancy of a building or structure or to erect, install, enlarge, alter, repair, remove, convert or replace any building component, electrical, gas, mechanical or plumbing system, the installation of which is by the Building Codes for the City of Andrews. Any remodeler who shall cause such work to be done shall first make contact with the Building Inspector and obtain the required information. Violations of the Building Codes and city ordinances for the City of Andrews may result in citations with fines and penalties up to the amount of \$2,000 per day for each violation.
